

I though this was a free america? Why would you dictate what I can listen to..
I live in New Jersey and I can not get one not one counrty music station now
that I have the XM satellite I can listen to all the country music I want.
Please I urge the FCC to reject the NAB's petition 04-160 and please support XM.
There is so much XM offers and its a pleasure to listen to anything any time any
where. I really believe in my heart that you will understand all of us Xm
listeners and just give us our pleasure of enjoying the XM satellite radio
stations.

Sincerely,

Mrs Florence Rastelli
